

Veluti

For products of luxury and beauty, the name Veluti is entirely suited to this product meaning velvet like, with its supple and caressingly smooth opulence. The Clo Insulation Velvet Model uses a special manufacturing process and an ultra-fine fibre to give a beautifully supple and luxuriously soft hand feel and look. Added to this wonderful list of attributes is the perfect balance of breathability and warmth to give maximum comfort. For a light weight and amazing hand feel this product is guaranteed to upgrade the feel of any garment.

Veluti Vivo is available in the following weights (gsm): 60, 80, 100, 133 and 150.
